Colors

Military Green

Antique Iron

Matt White

Black

Maple Red

Grey/Green

Indian Brown

Dark Blue

Scarlet Red

Taupe

Cement

Dark Green

Corten

Reef / Armchair Design / Archirivolto

Materials

Aluminium

Aluminium alloys, particularly suitable for cold-working and for die-casting, appropriately treated to withstand the elements and powder coated.

Maintenance: To keep the product in good condition for a long time, we recommend cleaning it regularly; more often in very damp locations with a marine climate. It is recommended to clean the surfaces using a soft cloth with water or mild detergents. Prolonged and continuous exposure to intense UV radiation or very low temperatures can affect the initial characteristics of the coloured coating, which is made from polyester. We recommend cleaning and storing the products in sheltered places during prolonged periods of non-use and during the winter.

Cushion Material

Acrylic Fabric

Il tessuto 100% acrilico viene internamente spalmato con poliuretano; tale processo lo rende idrorepellente, altamente resistente ai raggi UV per un'ottima performance nelle aree outdoor.
