# You're Sitting Pretty.

## THESE MODULAR, MIX-AND-MATCH BENCHES DELIVER.

*Need innovative designs with multiple possibilities for your special project? Have fun designing an out-of-the-ordinary urban space with our benches. Each has the capacity to comfortably seat four to five with ease, adding capacity with the addition of more benches. Like all products we offer, they are maintenance- and storage-free, durable and anti-graffiti.*

# SLEEK STYLING, COOL COMFORT.

## Looking to create relaxing outdoor spaces?

Whether by the poolside or in a public environment — parks, hotels, competitions, etc. — our concrete lounge is uber-cool, ultra-comfortable and is perfect for reclining or simply just taking a moment to relax. Our wide selection of benches and ottomans help you to complete the set — and in style!

## Want to transform your durable furniture into more practical furniture?

You can opt for integration of a range of CSA-approved electrical options.

120V power outlet

Heating surface

USB sockets

# Where Utility Meets Art.

## THE MEDIUM IS THE MESSAGE ...

**NEW!** Now you can integrate instant messaging into your planter. These flower planters can now display information relevant to the community: traffic, potential dangers, event announcements, etc. With more than 50 years of experience in concrete manufacturing, we are a company with a focus on innovation, designing and developing unique and personalized products for all your projects.

# LET THE GAMES BEGIN!

**Canadian know-how,  
based on excellence.  
And proud of it!**

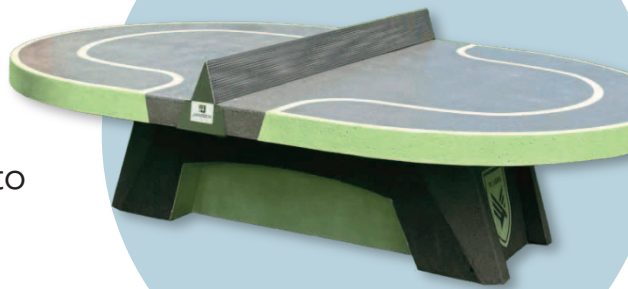

Thanks to our resolutely personalized service and proven engineering we keep pushing the limits, constantly exploring new avenues. We aren't afraid to take on challenges, while responding to demand quickly. Our products are made to greatly enhance any outdoor landscape.

All our urban furniture is made from eco-responsible concrete. Would you like to design your architectural concrete blocks from our eco-friendly concrete? Don't hesitate to ask for it!

With advanced fabrication techniques and a deep understanding of design and architecture, we create impactful installations that will elevate any space — and leave a memorable mark for years to come.

## OUR PRODUCTS HELP BRING 'COMMUNITY' TO COMMUNITIES.

*More than a simple piece of outdoor furniture, our concrete tables invite players to enjoy traditional games like chess, checkers or backgammon. The table fits perfectly into parks and other green spaces. All our tables are resistant to all Canadian weather conditions, are low-maintenance and can be engraved with the game of your choice.*

*You can choose from four different bench designs.*

# PLUGGING INTO THE FUTURE ...

**Question: What could be more Earth-friendly than a solar-powered service station for cyclists?**

This recharging and repair station features a 440-watt bi-facial solar panel, six bike supports with secure anchors, multiple charging options, including four USB ports and two induction charging plates.

Includes motion-activated lighting, an air compressor and an optional bike repair support with tools. Custom lettering and advertising options are available for the unit.

## KEEPING THE PUBLIC SAFE AND SOUND ...

*Pragmatic solutions to modern-day realities include limiting damage from potential car-ramming attacks by installing concrete bollards in front of certain buildings or sensitive sites. Fast-moving vehicles can be quickly controlled with heavy, solid concrete products that can also be used to limit access to areas reserved for pedestrians, — especially during special events.*
